ATLANT 22L

Light and versatile, the Atlant 22L backpack is the perfect partner for high-intensity outdoor activities. Urban explorers and outdoor adventurers will appreciate the new ripstop fabric that offers increased durability and lightness. The foam extra padded back panel as well as perforated shoulder straps and hip belt provide unmatched breathability and ergonomics. Its internal pocket can store either a 1.5L hydration system or your 13» laptop. Quick zippered access, accessories storage and elastic carry all system make it easy to use whether you are reaching the peak or riding the streets.
